Attachments: removed.txt

Good morning Dan,

As a follow up to our conversation in regards to access to the subject site and property, RST 3 would like to know if access has been granted; and if access to the property would be a problem, RST 3 is requesting your authorization to immediately cancel the radon sampling event planned for this Friday, October 9, 2015.

If we do not cancel the event on time, we will be liable to pay the charges from our subcontractors who have blocked out the requested dates of our sampling events and perhaps turned down other business because of it.

Please let me know how you would like us to proceed.

Thank you.

Ben Nwosu
